PROFESSIONAL PROFILE

Tech-savvy and highly curious Media & Technology Specialist with an M.Sc. in Informatics focused on digital transformation, AI integration, and digital literacy. Combines a strong analytical foundation in generative AI and prompt engineering with creative expertise in multimedia production, advanced Instagram optimization, and video editing. Thrives at the intersection of technology and creative storytelling, fully optimized for fast-paced consulting assignments and dynamic Scandinavian digital environments.

WORK EXPERIENCE

Freelance AI & Digital Media Consultant May 2026 – Present

Sooezy Academy (Stockholm, Sweden / Remote)

- **GenAI & Prompt Engineering:** Formulate advanced prompt workflows and leverage Large Language Models (LLMs) including Gemini, Claude, and NotebookLM to automate digital content processes and power strategic copywriting.
- **AI-Driven Development:** Build functional MVPs and minimalist web applications (such as automated job-matching dashboards) using next-generation AI-assisted development tools like Lovable and VS Code.
- **Digital Media & Strategy:** Advise on integrating emerging AI trends into modern media workflows, visual design execution, and cross-platform content performance.

Children's Photographer & Video Editor January 2019 – 2025

Nins Baby Photography (Freelance / Self-employed)

- **Visual Production:** Executed complete visual conceptualization, lighting, and advanced image/video editing utilizing Final Cut Pro, CapCut, and Adobe Creative Suite (Photoshop).
- **Content Strategy:** Spearheaded organic marketing and brand growth strategies on Instagram, leveraging deep knowledge of algorithm optimization and audience engagement.

Sales Marketing Executive April 2016 – July 2019

Air Arabia

- **B2B Development:** Led digital marketing initiatives and drove business development via strategic networking, market analysis, and high-impact field presentations.
- **Performance Optimization:** Analyzed digital campaign metrics and optimized advertising performance to maximize client conversions.

Visual Merchandiser (Part-time) June 2014 – June 2016

Inditex (Zara)

- Managed commercial visual presentations, layout designs, and storefront windows aligned with global corporate brand guidelines and revenue targets.

Research and Editorial Assistant May 2013 – May 2015

Istanbul Commerce University

- Coordinated graphic design, editorial production, and multi-channel content creation for official university media publications.

FREELANCE PROJECTS & TRAINING ASSIGNMENTS

- **Digital Transformation Trainer (Esnaflar Dijitalleşiyor) | Üsküdar Municipality (2022):** Designed and facilitated an intensive digital literacy program for 150+ local merchants covering e-commerce frameworks, Facebook/Instagram algorithms, and advertising law.
- **Product Photography Instructor | Digitalization for Entrepreneurs (2022):** Delivered a targeted technical curriculum (6 hours) on commercial product setup, studio lighting, camera angles, and mobile-first content aesthetics.
- **SEO Specialist (Freelance) | Bold Haber Newspaper (March 2017 – December 2017):** Developed data-driven SEO workflows to boost organic reader traffic and audited user behavior using Google Analytics.
- **Digital Advertising Trainer | UGDG & Istanbul Chamber of Advertising (2020):** Administered digital media literacy modules supported by the Turkish Ministry of Interior to empower female entrepreneurs with digital ad strategies.

EDUCATION

PhD Studies in Informatics (Paused) 2019 – 2022

Marmara University

- Interdisciplinary research on new media technologies, digital literacy, artificial intelligence (AI), and online user behaviors.

Master of Science (M.Sc.) in Informatics (High Honor Student) 2016 – 2019

Marmara University

- Focus on digital transformation, new media technologies, content management, multimedia production, and UX. Thesis: "Self-Presentation in Fleeting Stories: The Case of Instagram".

Bachelor of Science (B.Sc.) in Visual Communication Design (100% Scholarship, Ranked 2nd) 2012 – 2016

Istanbul Commerce University

- Core focus on design theory, visual design, film production techniques, digital aesthetics, multimedia production, and next-generation communication strategies.
